Dear Charles,

Taiwanese Patent Application No. 81104747  
Your ref: PM 1522 - Our file: 33442

Taking into account our recent discussions and your latest facsimile of 4th January I have now prepared a new set of claims which I propose to send to our Associates in Taiwan to replace all the existing claims in the application. The instructions must be dispatched by the end of this week.

You will see that in the latest revised version of claim 1 there are no time periods specified. Also the wording has been rearranged to minimise the use of functional statements which are unacceptable to the Examiner in Taiwan.

Having regard to the summary given in your latest letter I have introduced a new claim 3. Also new are claims 4 and 14 of the attached set.

There is no product claim because this form of claim is unacceptable under Taiwanese practice.

Please let me know if you see any difficulties in these new claims.

Yours sincerely,

  
P.A. SmithENCS:
